

How To Collect Coins from the MS1™

This task topic discusses how to collect coins from the IPS Group, Inc. **MS1™**.

To collect coins from the MS1™:

1. Quickly insert and remove a Coin Collection card into the **EMV card reader**.

2. Print a cash collection receipt.

3. Unlock and open the lower **cabinet** door, and the coin vault door.

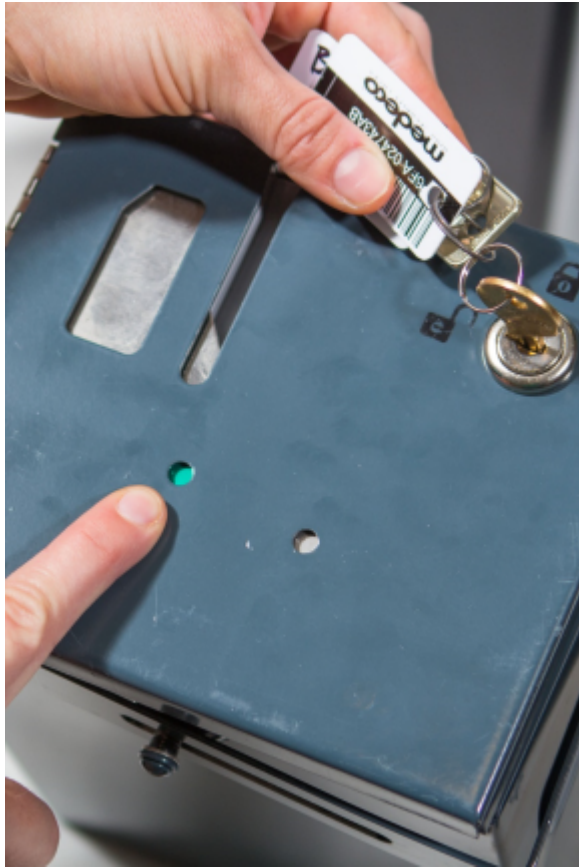

4. Remove the full cashbox from the vault.

Note the Red dot indicating a full cash box that is ready for cash collection.

5. Acquire an empty cashbox to replace the full cashbox. Verify the cashbox has a Green dot, indicating it is empty and ready for use, before placing it into the vault.

6. Lock the vault door.

7. Lock the lower cabinet door.

8. Ensure the upper cabinet door is locked, and the MS1™ is ready for normal operation.

The coins are collected, and the **pay station** contains an empty cashbox that is ready for use.
